Applicant believes the Notification Re: Request for Certificate of Correction dated January 24, 2009 was sent in error.

The Applicant filed a Certificate of Correction Request on May 5, 2008 that correctly asked for the Assignee to be added. The Assignment assigning the rights to Iowa State University Research Foundation, Inc. was submitted for recordation on February 27, 2004 in accordance with 37 CFR 3.11. The Assignment was recorded on March 3, 2004 at reel 015028 and frame 0853-0859. The request stated that the assignment was submitted for the recordation as set forth in 37 CFR 3.11 and provided the date of the assignment. Thus the Request stated that assignment was submitted for recordation before the issuance of the patent. Because the assignment was submitted for recordation on February 27, 2004 and recorded on March 3, 2004, the assignment was submitted before the January 29, 2008 issue date of the patent. It is requested that a Certificate of Correction be issued correcting printing errors appearing in the above-identified United States patent. A copy of the text of the Certificate in the suggested form is attached.

The request also included the processing fee set forth in 37 CFR 1.17 (i). The copy of the check in the amount of \$130.00 to cover the fee set forth in 1.17(i) is enclosed. Also enclosed is a copy of the check in the amount of \$100.00 to cover the fee set forth in 1.20(a). Applicant believes no fees are due as they were previously paid.

Issuance of the Certificate of Correction would neither expand nor contract the scope of the claims as properly allowed, and re-examination is not required.

The Examiner is authorized to charge any additional fees or credit overpayment to  
Deposit Account 19-0743.

Respectfully Submitted,
